

Main teehoical characteristics of this part number

Family	XCK-M
Type of head	Rollerlever
Operator head	Angular
Operating head	With thermoplastic roller lever
Head control device (continued)	-
Action of angular movement	Right and left
Operator	Bycam 30"
Speed of attack max	1.5mls
Min torque	0.1 Nm
Connection	Screw clamps
Output display	Without
Material - case	Metal
Dimensions of body (mm)	63 x 64 x 30
Mounting method	Body
Type of body	Fixed
Cableentry	3 for PG 11
Contact to eperale	Snap action
Positive complete product	Yes
Contact unit	NIO+NIC
Form of contact	Zb
No. of steps	1
Mechanical conformity	-
Degree of protection	IP66
Temperature of operation	-25...+70°C

Generic description of the product

Osiswitch Classic XCKM-XCKL-XCKML limit switch

Metal produels
 dimensions 63x64x30 or 52x72x30 or 81x77x30
 heavy duty 15 to 20 million operations
 enhanced tightness IP66.
